MEDICINAL.

Each of the chief organs of the body is a link in the chain of life. A chain is no stronger than its weakest link, the body no stronger than its weakest organ. If there is weakness of heart or lungs, liver or kidneys, there is a weak link in the chain of life which may snap at any time. Often this so-called "weakness" is caused by lack of nutrition, the result of disease of the stomach and other organs of digestion and nutrition. Diseases of the stomach and its allied organs are cured by the use of Dr. Pierce's Golden Medical Discovery. When the diseased stomach is cured, diseases of other organs which seem remote from the stomach but which have their origin in a diseased condition of the stomach and other organs of digestion and nutrition, are cured also.

"I was in poor health when I commenced taking Dr. Pierce's medicine," writes Mr. Elmer Lawler, of Volga, Jefferson Co., Ind. "I had stomach, kidney, heart, and lung troubles. Was not able to do any work. I had a severe cough and hemorrhage of the lungs, but after using your medicine a while I commenced to gain in strength and flesh, and stopped coughing right away. Took about six bottles of 'Golden Medical Discovery.' I feel like a different person. I gladly recommend your medicine to all sufferers, for I know it cured me."

The use of Dr. Pierce's Pleasant Pellets will cure that foul breath.

CATARRH Nasal Catarrh

In all its stages there should be cleanliness. Ely's Cream Balm cleanses, soothes and breaks the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

CREAM BALM placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not a drug—does not produce sneezing. Large Size, 50 cents at Druggists or by mail. Trial Size, 10 cents by mail. ELY BROTHERS, 24 West Street, New York.

KODOL Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, no, organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate vital organ becomes diseased.

Kodol Digests What You Eat

Mrs. Loring Nichols of Penn Yan, N. Y., writes: "After eating my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After taking a few bottles I am cured."

Kodol cures indigestion, dyspepsia and all stomach disorders, and gives the heart a full, free and untrammelled action. Bottles only, \$1.00. Size holding 2 1/2 times the trial size, which sells for 50c.

INVITED TO THE UNIVERSITY.

President Roosevelt yesterday received a large delegation of Virginians who called to invite him to attend the commencement exercises of the University of Virginia, on June 16, which is alumni day. The delegation consisted of ex-Judge James B. Sener, president of the General Association of Alumni of the University of Virginia, as chairman; Dr. J. W. Mallet, vice chairman of the faculty; R. Walton Moore, chairman of the executive committee of the board of visitors; Judge George W. Morris, city judge of Charlottesville; ex-Judge R. T. W. Duke, Dr. Thomas Nelson Page, Surgeon General Rixey, Dr. P. S. Roy, secretary of the Washington local Alumni Association, and Mr. J. Geo. Hiden of Culpeper, accompanied by Representative James Hay of the Charlottesville district.

Judge Sener made a speech in presenting the invitation, covering many historic matters in the course of his brief remarks. Among other things he said:

"In asking you to come to the university on alumni day it is that you may visit the University of Jefferson, to see his home, his birthplace and his tomb, to enter the town of Charlottesville, whose streets the feet of Jefferson so often trod, to look upon the spots where Frederick Lewis was born, where George Rogers Clark first came into being, to stand at the place where Nicholas P. Trist was born and to be in Albemarle, the birthplace of Thomas Sumter, the last surviving general of the war of the revolution; to go to the home of Andrew Stevenson, longer Speaker of the House of Representatives of the United States than any other man save Henry Clay, the county in which William Wirt plighted his troth, where Edward Coles, the first governor of Illinois, was born, where William C. Rives, whose fortune as an American minister it was to witness four changes of regime in France, and to recognize two of them on behalf of our government, lived and died. The faces of these great departed ones, you will agree with us, we are sure, are among the most distinctly striking in our great national portrait gallery."

Mr. Sener presented a map showing the history of the region through which the President would go to Charlottesville. He said:

"In making your pilgrimage to Virginia, leaving the District, ten miles square, with the setting aside of which and its dedication as the seat of government Mr. Jefferson had so much to do, you pass almost night enough to Mount Vernon's tolling bells to hear their sound; through Prince William, whose soil is made forever classic by the blood of the brave, on by John Marshall's birthplace in Fauquier, thence through Culpeper, where Washington, July 20, 1749 (O. S.) took the oath of his first office, that of surveyor; by and in sight of the birthplace of Zachary Taylor, twelfth President of the United States, and a little farther on within view of Montpelier, where rest the remains of James Madison, before reaching Charlottesville and its kindred points in the landscape, the university and Monticello."

"The University of Virginia was not only the University of Jefferson, but at his death Mr. Madison succeeded him as rector, and Mr. Monroe was one of the board of visitors, the governing body of the institution, all of these serving after their retirement from the presidency."

In replying the President spoke of many historic incidents connected with Virginia and the university. He said it would give him pleasure to visit there sometime, but he could not say positively now whether he could attend at the date named. He recalled that he will go next April to St. Louis to pay tribute to some of the work of Jefferson, who secured the territory for the United States, the act of which is to be commemorated at St. Louis this year. He said that from St. Louis he was going to make a western trip of length, and he did not yet know whether the itinerary would permit him to return to Charlottesville at the time fixed. If it did he would certainly be pleased to go there. "I am not only interested in the University of Virginia said Mr. Roosevelt, but also in William and Mary. I have often felt that it was a pity that the two schools could not be consolidated in order to form a continuous history."

SITUATION IS UNCHANGED.—The condition which President Castro attached to his response to the allies' arbitration proposal was in the nature of an alternative proposition. Almost from the beginning showing an aversion to the Hague tribunal, Castro, while accepting the principle of arbitration, held that the case be tried by one of the American republics. As President Roosevelt has already declined to act in the capacity of arbitrator, and as some of the reasons which inspired him in his declaration would apply with equal force to the chief executive of any other American State than the United States, he was obliged to withhold any indorsement of

MISS MAY MARKELL

A Society Belle of London, Canada.

MISS MAY MARKELL of London, Ontario, Canada, is a beautiful girl who knows what suffering is and Wine of Cardui has brought her back to health. She is one of the social favorites of her home and her recovery to health has permitted her many friends instead of lying on a bed of sickness and suffering. For the health she now enjoys she gives credit to Wine of Cardui. "I have found Wine of Cardui an excellent remedy for female trouble. I suffered for three years with terrible bearing-down pains at the menstrual period. I could hardly stand on my feet and was never real well. Wine of Cardui was the only medicine that I could depend on to do me any good, as I tried several with no success. Wine of Cardui cured me and I have now enjoyed perfect health for two years, and give you all the credit for I know you deserve it."

For a young girl Wine of Cardui is the best remedy to guide her through womanhood by starting the menstrual flow in a healthy and natural manner. Menstruation started right is very easy to keep regular through the years of mature womanhood. Then the "change of life" need not be feared. Thus Wine of Cardui is woman's best relief from youth to old age. A million women have secured blessed relief from their sufferings by taking this treatment. It relieves menstrual troubles in an incredibly short time. In a simple case of deranged menses Wine of Cardui never fails. To relieve disordered menses is to remove the cause of other female troubles. Any physician will tell you that to remove the cause of a disease renders the cure easy, in fact seldom fails to complete the cure. If you would have the same relief which Miss Markell secured try Wine of Cardui. You can take it without an examination and without any publicity whatever. You can take it in the privacy of your home and secure just as much benefit as if a doctor had prescribed it for you. Thousands of women are feeling the vigor of returning health by taking Wine of Cardui.

this proposition of President Castro. Therefore it may be dismissed from the field of possibilities, and unless Castro is unexpectedly insistent upon his own plan, the original proposition of reference to The Hague tribunal will carry. There were no developments over New Year's Day in the way of cablegrams containing news from European capitals or from Venezuela.

To Get Rid of a Troublesome Corn. First soak it in warm water to soften it, then pare it down as closely as possible without drawing the blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn for a few days, to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by Richard Gibson, druggist.
